Job Classification SENIOR REAL ESTATE PROJECT MANAGER (Administration Manager)

PN# 109676 **Posting Number**

Department of Public Works and Engineering Department Division Planning and Development Services

Section **Real Estate Branch** Reporting Location 611 Walker'

Workdays & Hours M - F, 8 a.m. - 5 p.m.*

DESCRIPTION OF DUTIES/ESSENTIAL FUNCTIONS

Supervises, directs, and provides project management oversight to technical personnel to develop, analyze, and negotiate complex real estate activities involving the disposition of City property interests, encroachments, leases, and acquisition of land and/or property rights for public and private projects. Reviews, analyzes, and/or prepares real estate appraisals for acquisition and sales projects. Serves as Team Leader handling more complex appraisal assignments. Administers and reviews project drawings with City engineers, architects, contractors, and developers to resolve design issues affecting real estate projects raised by developers, constituents, other government agencies, and/or property owners. Manages services contracts. Reviews documents submitted by staff for approval to ensure quality and accuracy. Develops and maintains reports to monitor project status and staff productivity. Drafts RCAs for real estate transactions, including condemnations, bid sale items, Joint Referral Committee requests, purchase agreements, and other agreements. Reviews, approves, and makes recommendations on offer packages, purchase agreements, counteroffers, and cash-flow projections. Interfaces with departments and outside agencies or firms involving real estate programs, transactions, and/or projects. Handles various real estate activities related to the purchase, sale, and lease of City-owned properties. May supervise technical and clerical staff. Handles special projects as assigned.

10

The position requires stooping, bending and/or lifting of items of up to 30 pounds, and sitting for extended periods of time. A portion of this work occurs in the field under most weather conditions and occurs in close proximity to moving vehicular traffic. Standing and walking moderate distances over uneven terrain is occasionally required.

11
